

Short Organization Name	Location	Short Description	TABLES	CHAIRS	TENTS	MEALS
Academy for Advanced & Creative Learning	OCSE 3rd Atrium	Newton's Wheel & Code Breaking with Sieve of Eratosthenes	2	2		4
AIAA Rocky Mountain Section	El Pomar Plaza	Become a rocket scientist with water pressure and Alka-Seltzer rockets	2	4	1	4
American Numismatic Association - The Money Museum	OCSE 3rd Atrium	Learn how real money is made and guess which coin is heaviest.	2	2		3
Autism Vision of Colorado	UC 2nd (by library)	Make your own dinosaur tracks fossil.	1	2		3
Beth-El Johnson Simulation Learning Center (UCCS)	OCSE 3rd Atrium	Save the life of our child manikin and drive a telehealth robot.	1	2		3
Black's Magic Productions	UC Upper Plaza	Master Magician Bruce Black presents a fun magic show that demonstrates and actually teaches a few magic tricks based on science. Full show outside on	0	0		1
Boys & Girls Club of the Pikes Peak Region	Gallogly	Watch our flying drones play "soccer" and learn how we build and repair them.	2	2		3
Cave of the Winds	OCSE 2nd Outside	Learn how some caves and rocks form with our Geology Lab	1	2	1	2
CaveSim	West Lawn or below El Pomar Plaza	Practice vertical cave exploration on our caving tower with harnesses and pulleys.	1	2		2
Challenger Learning Center of Colorado	Berger	Explore Gravity Across the Solar System and see what you would weigh on other planets.	2	2		4
Cheyenne Mountain Zoo	West Lawn	Engage with several of your favorite zoo animals.	1	2		3
Children's Hospital Colorado - Colorado Springs	UC 2nd Atrium	Make a stress ball to keep calm and breathe.	1	2		3
Civil Air Patrol, Pikes Peak Composite Squadron	OCSE B216	Learn about air pressure by making paper airplanes and blowing up giant balloons.	0	0		2
Colorado Parks and Wildlife	UC Upper Plaza	Meet live fish from Fountain Creek in our aquariums.	5	4	0	8
Colorado Rocket Society (COSROCS)	OCSE 3rd K12 Room	Build a real Estes model rocket with help from our rocket scientists.	0	0		4
Colorado Springs Astronomical Society	El Pomar Plaza	Observe our own sun with special high power solar telescopes	2	2		4
Colorado Springs Cadet Squadron - Civil Air Patrol	West Lawn	Build a paper rocket and launch it 300 feet!	3	2	1	8
Colorado Springs Fire Department	West Lawn	See a real hazardous materials safety vehicle.				5
Colorado Springs Utilities	West Lawn	Have a drink at our water trailer.	0	0		0
Cool Science and the USAF Academy Department of Chemistry	Centennial 203	Chemistry Magic Show: Always a fan favorite, experience the wonders of chemistry with our own Dr. Dan Furtman performing his structure magic show	3			2
Cool Science w/ UCCS Circle K club	UC Lower Plaza	Dry Ice Fog Bubbles	2	2	1	8
CS Utilities	Gallogly	Learn about electric safety as we zap our model with sparks and lightning		2		2

Department of Physics and Energy Science	OCSE 2nd by Pendulum	Learn how the giant pendulum works and what it tells us about the Earth.	1	1		1
Donor Alliance	Gallogly	Learn about organ and tissue donation by playing a life-sized Operation game!	2	4		2
Drive Electric Colorado	UC Lower parking lot	Check out a wide variety of electric vehicles and talk to a team of experts.	1	2	0	10
Eddie Goldstein	UC Upper Plaza	World-famous science performer and magician, Eddie Goldstein, combines math and science for a totally fun	2	2		1
El Paso County Nature Centers	UC 2nd Atrium	The tiny and big creatures of El Paso County	0	2		2
Estes Rockets	OCSE 2nd steps to K12	Build and launch a straw rocket.	2	6		3
FIRST Robotics Team Cougars Gone Wired from Coronado H.S.	Gallogly	Play soccer and catch with robots built by high school students	1	2		15
Gather Food Studio & SEE	UC 2nd near Berger	Experiment with your taste buds and change the flavors of foods by combining different ingredients.	2	2		2
Girl Scouts of Colorado	Berger	Create a "marker man" and what him float away!	2	2		2
Harrison School District 3	UC 2nd (by library)	Use math and coding to bring a Star Wars robot to life!	1	2		3
High Altitude Race Engineering UCCS FSAE	UC Lower parking lot near	UCCS student's competition electric race car	1	2	0	5
Humane Society of the Pikes Peak Region	Berger	Test the Science of Positive Reinforcement with your Pets	1	1		1
iFLY Colorado Springs	Gallogly	Learn the science behind indoor skydiving	1	1		2
Kratos Defense	Berger	Play a "Fox Hunt" game to find our missing employee and learn how satellites communicate.	2	6		14
Lockheed Martin	Centennial 1st floor hallway	Ride and race on our rocket sleds.	1	2		3
National Weather Service	Cent 1st near Rm 111	Explore flash floods, tornadoes and other extreme weather safety.	2	2		2
Nature and Wildlife Discovery Center	OCSE B213	Learn about hawks, owls, falcons and vultures as you meet them up close and personal	0	0		3
North Cheyenne Cavton Park	OCSE 2nd Outside	Learn about geology by making a granite chip cookie.	2	2	1	2
Northrop Grumman	Gallogly	Explore the movement of air in our wind tube to see how different shapes affect floating and flying	2	2		8
One Voice 4 Change	OSCE 3rd (outside K12)	See how students design payloads for CubeSat Sims to launch on a high altitude balloon.	1	2		5
OptTek Systems	El Pomar Plaza near library	Engineer the biggest box you can from a single piece a paper and learn how to guess a random number.	2	2		2
Pikes Peak Library District (PPLD)	Berger	Create a Penny Spinner to explore force, motion and visual effects!	2	2		2
Pikes Peak Mycological Society	Move to Gallogly (orig El Pomar)	Check out our marvelous mushrooms and fantastic fungi and learn how you can help them grow.	2	2		4

Pikes Peak Regional Science and Engineering Fair	OCSE 2nd A Hallway	Learn how to make an awesome science fair project from winning students.	2	3		3
Pikes Peak Soap Box Derby	UC Upper Plaza	Ride in a real Soap Box Derby car!	1	2	0	3
Pikes Peak State College	OCSE 4th Atrium (back)	Build ping pong ball launchers and mousetrap cars.	2	2		10
Planet Walk Colorado Springs	OCSE 2nd A Hallway	Learn about our solar system.	1	2		1
Pueblo zoo	UC 2nd Atrium	Learn how to support our songbirds.	1	2		3
Rocky Mountain Dinosaur Resource Center	UC 2nd in front of Berger	Dinosaurs of the amazing prehistoric seas.	3	2		2
Royal Crest Dairy, Palmer HS and Cool Science	UC Lower Plaza	Make your own ice cream with liquid nitrogen.	4	4	1	2
School District 49	West Lawn	Experience augmented reality (AR) inside our cool traveling school bus!	0	0		2
Southeast Colorado Renewable Energy Society (SECRES)	West Lawn	Generating solar electricity and cook S'Mores in a solar oven.	2	2	1	4
Space Foundation	OCSE 2nd Outside	Drive a Sphero Bolt robot under water.	3	4		5
That Science Fairy	OCSE 2nd Berger	Play a Twist on Engineering game and explore a simple machine.	2	1		2
The Mobile Earth and Space Observatory	West Lawn	An Earth and space science center on wheels with telescopes, augmented reality sandbox and more!	0	0	0	4
UCCS Advanced Manufacturing Laboratory	OCSE B208	Using 3D printers to make rocket propellant pastes.	0	0		3
UCCS American Institute of Aeronautics and Astronautics	OCSE A306	CubeSats, a rocket engine model and a wind tunnel.	2	2		2
UCCS American Society of Mechanical Engineers	OCSE A218	Introduction to computer aided design (CAD)	0	0		3
UCCS Anthropology Club	OCSE 4th Atrium	Dig in to the past to find artifacts in a sifting station.	1	1		5
UCCS Biochemistry and Chemistry Club	Centennial 1st floor	Make Goldenrod paper artworks by painting with household acids and bases.	2	2		8
UCCS BioFrontiers Center	OSCE 4th A near bridge	Visualize nanoscale science and experience the exciting quantum world.	2			3
UCCS Bug Club	OCSE B314	Insectapalooza! Live and preserved spiders, bugs and other critters.	0	0		
UCCS Chemistry and Biochemistry	UC Upper Plaza	Experiment with the enzymes in your own saliva that help break down the food you eat.	2	2	1	4
UCCS Chemistry Dept	Centennial 203	Chemical Illusions - A Chemistry Magic Show: Dr. Elise Naughton from the UCCS Chemistry Dept.				5
UCCS Cognitive Development Lab	UC 2nd Atrium	Play a game to discover how you remember visual and verbal information.	1	3		3
UCCS Computer Science Bioinformatics Lab	OCSE A210	Learn how the Artificial Intelligence (AI) may be used to reconstruct the human genome and how the	0	0		6

UCCS Cybersecurity Programs Office	Berger	Experience virtual reality and play games to learn about cyber security	4	4		
UCCS Electrical and Computer Engineering	ENGR 230	UCCS student Arduino projects and Lego robots	1	1		6
UCCS GES Geomorphology Lab	Centennial 1st floor outside	See the instruments scientists use to measure environmental data.	1	1		3
UCCS Global Medical Brigades	OCSE 4th Atrium	Learn basic First Aid techniques	1	2		5
UCCS Hyperloop	OCSE 3rd patio deck	Amazing hand-held and railway vehicle levitation.	2	2	0	4
UCCS Museum of Natural History	OCSE 2nd Outside Plaza, & Museum OCSE	See 800 specimens of mammal skins, skulls and skeletons.	1	2	1	6
UCCS STEM Education Outreach - Pre-Collegiate Department	OCSE 3rd outside K12	Soap bubbles- big and small! Make your own bubble wand and build a candy catapult!				
United States Air Force Academy Cybersecurity	Room 2 Gallogly	Learn to hide messages with ciphers, crack secret codes and solve puzzles	3	6		10
US Environmental Protection Agency	UC 2nd Atrium	Play fun games to learn about protecting our environment.	1	2		
Yeet 3D LLC Drones and 3D Printers	El Pomar Plaza	REALLY loud and REALLY fast racing drones and 3D printers.	2	2	0	2
Zometool Inc.	OCSE A206	Build incredibly beautiful models!	0	0		3
			<b>111</b>	<b>143</b>	<b>9</b>	<b>294</b>
